## About Us

When our CEO Mr. Jouhar was working for the auditing and management sector, he knew that many newbie business owners required guidance to start their venture in Saudi Arabia.

With the implementation of Vision 2030, numerous innovative developments also took place in KSA during this time. More than 30,000 new firms were started, and with the right support, they could succeed. That's when we started Arabian Access.

Arabian Access was founded with the help of our CEO's more than ten years of experience and a number of other professionals. Arabian Access was established as a result of Saudi Arabia's Vision 2030.

So, certainly, we are currently travelling to lead the new business to a sure success.
